

Our economy isn't working for too many people, and it is even more difficult for women.

I support HB 6932 and HB 6784 because they allow workers to balance caring for their families and their jobs. Since I am retired these bills will not effect me directly as a worker; however, they effect all of us as human beings. I am willing to pay more as a consumer if I know that the money is going to improve the lives of the workers (and their families) who provide the service or product I am using.
